

THE MARYLAND HOUSE OF DELEGATES
APPROPRIATIONS COMMITTEE

April 27, 2017

Mr. Devon Powell, Executive Director
Baltimore Clayworks
5707 Smith Avenue
Baltimore, MD 21209

Dear Mr. Powell;

The Capital Subcommittee of the House Appropriations Committee requests you to appear Tuesday, May 2nd at 3 p.m. to brief the subcommittee on the potential sale of Baltimore Clayworks' building, the need or justification for a sale, and what plans, if any, Baltimore Clayworks has to replace the workspace, equipment, and programming available at the current location. The briefing will be held in the Appropriations Committee hearing room, room 120 of the House Office Building in Annapolis.

The subcommittee is interested in the potential sale of the building in light of the previously allocated State capital funding invested in the property. It is our understanding that the Board of Trustees of Baltimore Clayworks is working towards executing a contract for the sale of the property and we would request that any further action on a sales contract is delayed until after the subcommittee has been briefed.

Thank you in advance for your response to this request. Please contact Appropriations Committee staff at (410) 841-3407 should you have any questions or concerns.

Sincerely,

Handwritten signature of Maggie McIntosh in black ink.

Delegate Maggie McIntosh
Chair, Appropriations Committee

Handwritten signature of Adrienne Jones in black ink.

Delegate Adrienne Jones
Chair, Capital Budget Subcommittee
